COMMUNITY BIKES INC.

Have a bike that your kids have grown out of or you just don’t use anymore that is collecting dust in your basement or garage? Consider donating it! R Community Bikes is a small nonprofit made up entirely of volunteers who repair donated bikes to give to the needy. R Community Bikes will be outside the Rush-Henrietta High School on Make a Difference Day. Drop off that used bike that you no longer use before lending a hand in the community.
