

HENRIETTA RECREATION CENTER

Construction
Update

Ahead of Schedule and Under Budget:

June 2016

If you've recently driven by the construction site, you can see how fast the Center is taking shape. The roof is in place, the outer walls are being fabricated, the steel framing for the front rotunda is finished, and the concrete for both the walking track & interior floors has been complete.

In the coming weeks the outer structure will continue to take shape and interior work will ramp up with the installation of wall studs, ongoing electrical work & window/door framing.

To see a new video of the construction progress, please visit the Towns Facebook page at www.facebook.com/TownOfHenrietta
