From The Supervisor

Fall 2015

As we transition from summer to fall and prepare our 6th Henrietta Happenings newsletter, there is a great deal “happening” here at the Town Hall.

For the last 22 months we have been working on a plan with Passero Associates to design a new Recreation Center to be located in Veterans Memorial Park. The plan began with a citizen advisory committee recommending a 20,000 square foot facility. As the planning process progressed, insight was gathered from the Recreation Department staff and Parks and Recreation Advisory Board. It was then determined that more

space would be needed in order to accommodate recreational programs appropriately. Passero Associates went back to the drawing board and expanded the facility to 37,000 square feet. The plans were presented to the public at a community forum held on January 26, 2015 and there was an overwhelmingly positive response from the public as well as a request for more space, notably in the gymnastics area. After the public forum, the Town submitted additional recommendations to Passero Associates in order to further meet recreational program needs. The Recreation Center conceptual drawings have now grown into a 41,000 square foot facility with a cost estimate of \$9.7 million dollars.

We are confident that the current plan will meet the needs of our community and the Recreation Department's programming. See detailed plans on Page 4.

For our resident's consideration, this proposal will be on the November electoral ballot for \$9.7 million.

Department of Public Works has been very busy keeping our Town in tip top shape. Some of the recent completed projects include:

Parks Department

- Built the Community Garden across from the Tinker homestead
- Ran a water line under Calkins Road for the Community Garden
- Completed a total renovation of Baldwin Cabin in Lookup Park

continued on page 2

Supervisors Message *continued*

- Created a disc golf course in Lookup Park
- Installed aerators in the Lookup Park pond
- Placed exercise obstacles in the dog park
- Bricked the walkway of the Tinker homestead
- Laid an epoxy floor in the Nature Center
- Installed a metal roof on the Tinker Park cow barn
- Painted the concession stand at Martin Road Park
- Completed new soccer fields at Martin Road Park for use by next spring

Parks Department continued

- Repaired the Veterans Memorial park Basketball Courts-filled cracks & installed new hoops
- Built and installed salting equipment racks in the DPW barn
- Cut over 1,600 acres of park and town lawns on a weekly basis

Highway Department

- Restored the retaining wall on the southwest side of lake Pamela in Riverton
- Paved and/or performed preventative maintenance to 9 miles of town-owned roads, inclusive of a complete recycling of Farrell Road Ext.
- Cleaned up debris and made repairs to culverts after two back to back severe storms in June
- Completed a large drainage project on Commerce drive which included replacing pipes, re-grading drainage swales and flushing pipes.
- Constructed a Community garden across the street from the Tinker Park with the help of the Parks Department
- Constructed a new, safer racking system for storage of salt/sander bodies for winter operations.
- Cleared six acres of town land of 500 distressed or dying trees for future use
- Completed sealing and marking of the Town Parking Lots including the Senior Center, Town Hall and DPW lot

Sewer and Drainage

The Sanitary Sewer department utilizes sewer cameras to efficiently pinpoint sewer problems. This year over 6000 linear feet of sewers were televised allowing for accurate repairs to take place.

Spot and Lateral repair projects were completed on the following streets: Belmanor Drive, Cedarhurst Drive, Crockett Drive, Crystal Valley Overlook, Eagan Boulevard, Floyd Drive, Lovelace Lane, Manordale Lane, Maple Valley Crescent, Palm Desert Drive, Pinnacle Road, Post Hill Drive, Rampart Street, Rayne Drive, Sienna Drive and Tulane Parkway.

Approximately 1800 linear feet of sewers were slip-lined on Amsden Drive, Amesbury Road and Aleta Drive.

The Sanitary Sewer Department also completed a second round of flushing for Henrietta's Commercial District.

Recent drainage improvements have taken place at the following locations: Erie Station Road, Martin Road, Queensway Park, Dikeman Road, Commerce Drive, Covered Wagon Trail, Authors Avenue, Kenwick Drive, Woodleaf Lane, Cattaragus Drive, Branchbrook Drive and Edme Street.

continued on page 3

Supervisor's Message *continued*

Town Facilities

We are also in the process of addressing the defunct heating, ventilating, and air conditioning (HVAC) system in the 35 year old Town Library. The entire HVAC system is being replaced to ensure that our residents and staff can continue to utilize and enjoy the Town Library. Approximately \$600,000 from the Town's savings account is going towards the renovation.

The Town has also secured a grant of \$50,000 from Assemblyman Harry Bronson to build new bathrooms on the west side of Veterans Memorial Park. The site and block work is currently in the process and the park staff will complete the project this winter.

Chuck Marshall, Commissioner of Public Works, is working on replacing the aged Town vehicle two way radio systems to a digital system with the assistance of a \$135,000 grant from Senator Patrick Gallivan.

Insurance savings update

I am pleased to report from January of 2014 to the present, a dramatic savings in insurance premiums. When I took office I inherited 36 open/established claims presented for workers compensation benefits, causing the reserves for losses to peak at \$700,775. This trend was unacceptable and prompted a meeting in May of 2014 between myself and 3 underwriting officers from our workers compensation insurance carrier. To date, with a renewed emphasis on aggressive individual case management of each open claim, reserves for losses has been decreased to \$33,222.00 with only 1 open claim remaining.

Workers Compensation premiums have been reduced to the Town of Henrietta tax payers by \$127,000.

I would like to thank all DPW and Parks Department employees for putting in a productive spring and summer work season. Our Town Property has never looked better. The Highway department was able to complete its road improvement program prior to the opening of the school year, a notable accomplishment.

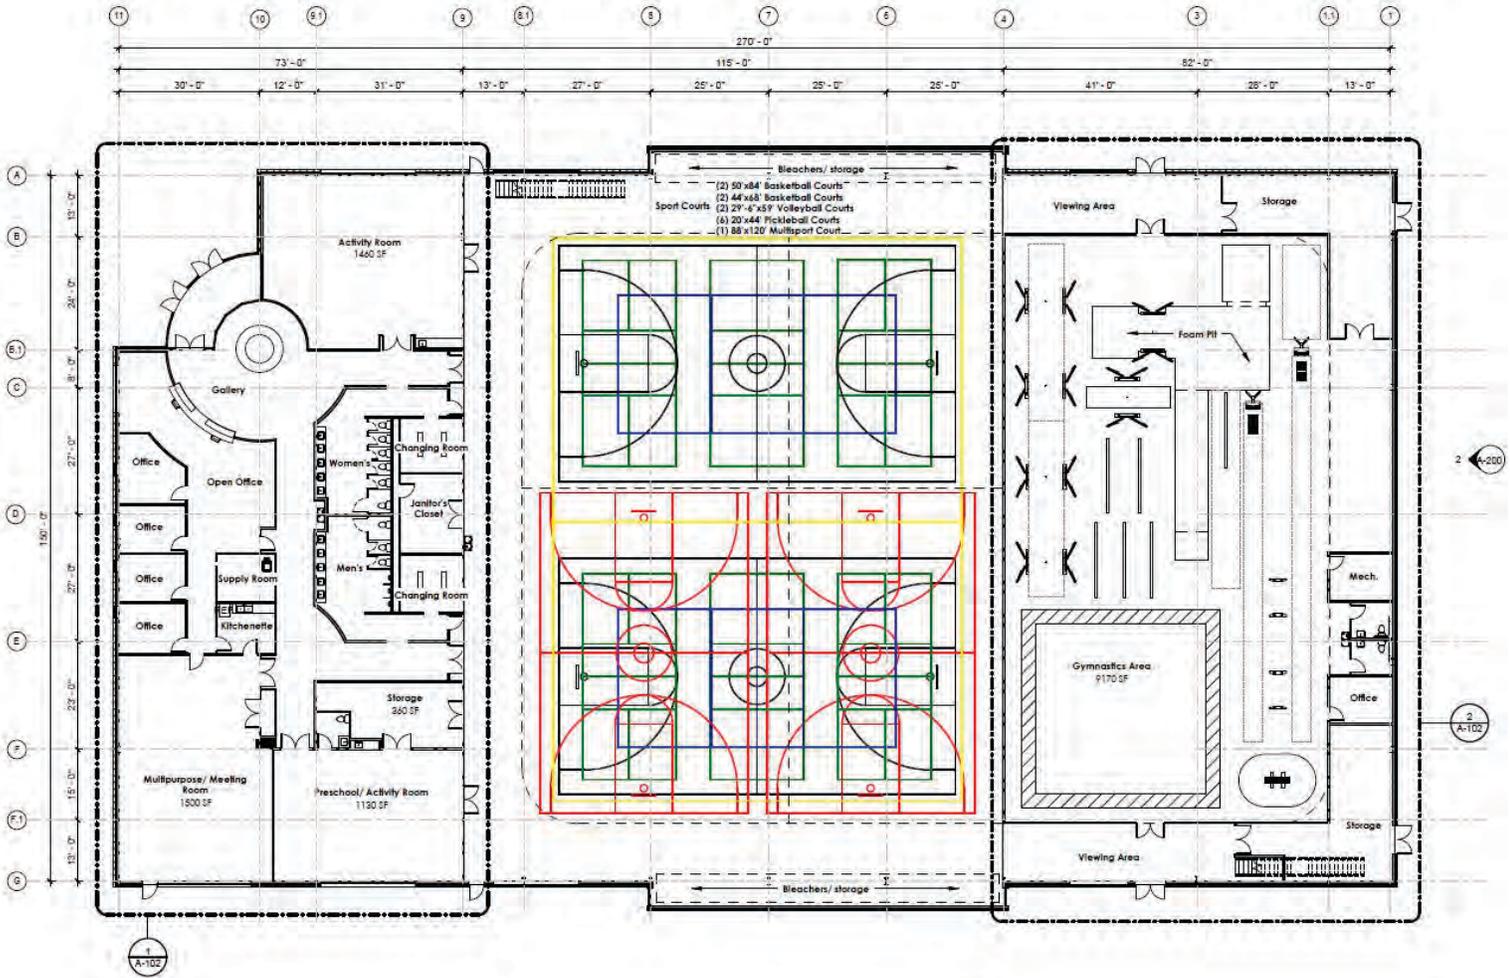

Jack W. Moore, Supervisor

Thanks to all those who made the Tinker Harvest Festival a great success.
The turnout was better than expected.
We hope all who attended enjoyed the day!

Special Celebrations

The 20th Anniversary of the Hansen Nature Center was celebrated on Saturday, September 19. Through the generosity of Henry Hansen and his family, children and adults have been able to attend nature programs in the classroom, view bees at work in the observation hive and learn about native animals in the display cases. The Hansen family provided the funding that allowed the purchase of a log cabin style building that was dedicated in October 1995. In 1998, Henry Hansen provided additional funds that more than doubled the size of the nature center.

Our community is very fortunate to have this facility available for our education and enjoyment.

This year also marks the 200th anniversary of the congregation of the West Henrietta Baptist Church.

West
Henrietta
Baptist
Church

1815-1988

The building you see near the corner of Erie Station and West Henrietta Roads was built in the summer of 1838 by Alexander Williams on land that might have been donated by Solomon Keyes. The church building is recognized as the oldest standing church structure in our town and one of the oldest in Monroe County.

The congregation, however, was formed on February 25, 1815 at the home of Josiah Nicols. In the early 1900s the members of the church added the stained glass windows that you see today in memory of family members who helped establish the church. These families: McNall, Caswell, Search, Bullard, McFarlane, Fenner, Remington, Carpenter, Nicols, Dunn and Keyes also played an important part in the development of Henrietta.

Photos courtesy of the West Henrietta Baptist Church

5660 West Henrietta Road

In recognition of their bicentennial year, church historian Bonnie Healy has written a book in magazine format entitled "Mystic Sweet Communion". This book is about the women from the church and the West Henrietta community who joined the Ruth and Ester Class of 1905, a Bible study class organized by the minister's wife, Elizabeth McFarlane. The book includes the photographs of the class members and a 'snapshot' in words of what their life included in the year 1910. Bonnie Healy has given permission from the historian's office to publish her book on the NYHeritage* website. You can read her book by using this internet address: <http://cdm16694.contentdm.oclc.org/cdm/search/collection/townofhen>.

The congregation celebrated with a Bicentennial Banquet on Sunday, September 20, 2015. Church members past and present deserve our gratitude for the important contributions they have made to the development of our community.

*NYHeritage is a free research portal to digital collections from libraries, museums and archives throughout New York State. There are collections from the Henrietta Public Library as well on NY Heritage that you can access using:

<http://cdm16694.contentdm.oclc.org/> and scrolling to Town of Henrietta or Henrietta Public Library.

Some of you may remember that I was planning to write about the Bushman family for this newsletter. Since my research has raised additional questions, I will be writing the article in a later newsletter.

From the Town Clerk

YARD WASTE PICKUP

It's that time of year when residents typically have a lot of yard debris to dispose of, whether it be leaves, lawn clippings, or other yard waste. Although the Town of Henrietta does NOT pickup yard waste, as a Henrietta resident, your refuse collector is required to. Each of the residential refuse collectors licensed to operate in the Town of Henrietta have their own parameters for yard waste pickup. Please make yourself familiar with the policy of your refuse collector, because if it is not contained properly, it will not be collected.

	Quantity of yard waste collected per week	Comments	Phone #
Al's Maintenance	8-10 bags per week	Leaves and grass clippings need to be placed in biodegradable bags; brush, branches and sticks need to be bundled in 5' lengths. The quantity of bundles should be placed in a pile that does not exceed 5' x 5' x 3'.	585-247-2570
Coakley Disposal	6 bags/bundles per week	Leaves and grass clippings need to be placed in biodegradable bags not weighing over 35 pounds; brush, branches and sticks need to be bundled in 4' lengths. Please call ahead of time to give advance notice.	585-624-4344
Fehrer Rubbish Removal	6 bags per week	Leaves, grass clippings, brush, branches and sticks need to be placed in biodegradable bags. There is an extra charge to pick up logs.	585-479-4007
Waste Management	No limit	Leaves and grass clippings need to be placed in cans or bags; brush, branches and sticks need to be bundled in 4' lengths or placed in cans.	800-333-6590
Youngblood	6 bags/bundles per week	Leaves and grass clippings need to be placed in biodegradable bags; brush, branches and sticks need to be bundled in 4' lengths and not weigh over 45 pounds.	585-254-7081

When collecting your yard waste in biodegradable bags, make sure that you purchase lawn/leaf bags that will not break when lifted. If you have any questions, please contact your refuse collector at the phone numbers listed above.

Leaf & Brush drop off

Location: Martin Road Park South
 Dates: October 24th, 25th, 31st and
 November 1st, 7th, 8th, 14th and 15th
 10 am - 3 pm each day

Rebecca Wiesner
 Town Clerk / Receiver of Taxes
rwiesner@henrietta.org
 585-359-7012

IMPORTANT DOG LICENSING CHANGES

The Town Clerk's Office has recently updated the notification process for annual dog license renewals. Each owner will continue to receive a reminder postcard at the beginning of the month that the license renewal is due. However, if the dog license has still not been renewed, at the middle of the following month you will be mailed a "Final Notice of Delinquent Dog License" letter giving you 10 days to renew the license before issuance of a summons to appear in Henrietta Town Court.

Things to keep in mind regarding dog licensing:

- As always, if you have moved or if the dog is no longer a member of your household, please call us at 585-359-7038 and we will adjust our records accordingly.
- As a reminder, New York State law states that a license cannot be renewed if the rabies is due to expire in less than 30 days.
- When renewing your dog license, it is very helpful for us if you bring or mail either the postcard or the letter that shows the dog's information.
- For your convenience, our office can now license your dog for the length of the rabies vaccination on file. Please note that dog license fees are non-refundable.

Written by Janet Howland, Marriage Officer

PASSPORT NIGHT!

We understand that it can be difficult to find time to come in during our regular office hours for a Passport appointment for yourself or your children, so on **Wednesday, December 9th**, the Town Clerk's Office will be processing Passport applications from **5:30 p.m. to 7:30 p.m. by appointment**. **Payment must be in the form of a check or money order**. To set up an appointment and for more information on what is required please contact the Town Clerk's Office at (585) 359-7035.

The Engineering Department

What's new in Henrietta

The following is an update on some of the projects and developments currently progressing in the Town of Henrietta. As of the writing for this post, The Engineering Department has 85 private developer projects that it is overseeing. 24 projects are in the Design Phase. 28 projects are in the Active Construction Phase and the remainders are in Post Construction. Some of the notable projects are:

- The new M&T Kiosk Bank at 2599 East Henrietta Road (corner of East Henrietta and Calkins Road). A new drive up banking ATM will replace the existing facility.
- Erie Station Business Park at 30 Becker Road. The new Industrial office building will be close to 37,000 sf. Becker Road is also being constructed to the west of Hendrix Road to service this building.
- Enterprise Car Sales is underway at 4161 West Henrietta Road. This new building will be around 4,000 SF when completed. Enterprise plans to sell their rental cars from this facility.
- A new Country Max facility is underway at 4495 West Henrietta Road. Country Max will relocate to the new 19,500 sf building from the Town Centre Plaza (formerly Suburban Plaza).
- Rochester Auto Exchange is rehabilitating the existing 5,000 sf facility at 4199 West Henrietta Road for a used car sales facility.
- Queens Park Subdivision has started construction at the northeast corner of Martin Road and Moore Road. This residential subdivision includes 52 single family home lots.
- Dorschel Toyota is adding a service bay to its current facility at 3399 West Henrietta Road. The addition will be close to 5,740 SF.

For a complete list of projects in the Town of Henrietta, you can check out the website at www.henrietta.org. If you have any questions, please contact us at 359-7070.

Christopher Martin, P.E.
Director of Engineering & Planning
359-7070 • cmartin@henrietta.org

Parks and Recreation

What an amazing summer we had this past season! I hope you and your families were able to enjoy some of the recreational programs and events that were offered. Although the rain put a bit of a damper on our adult softball leagues, we were fortunate to have excellent weather for our Memorial Day Parade, Community Asset Celebration, Concert Series, 4th of July Celebration, summer camps, and all other youth and senior programs!

Online registration is now available for your convenience and will alleviate the need to register for programs and reserve facilities in person at our main office during business hours. Please note that if you have ever registered for a program or reserved a facility through Henrietta Recreation and provided your email address, you already have an online account in our system. If you are new and have never registered for a program or reserved a facility you must setup a new account. For more information and to get started go to <http://parksandrecreation.henrietta.org>. There will also be a link to this page on our Town website. If you choose not to register online, we will continue taking program registrations and facility reservations in person at our main office located in Town Hall. Note that some programs will require in-person registration and cannot be done online. Facility reservations for 2016 will begin on Tuesday, December 1st, 2015. More information will be available on our website at that time. Look for 2015 - 2016 Afterschool program registration information in our Winter/Spring program brochure which should be released in early December.

The parks staff has continued their hard work and efforts towards adding amenities in our parks. Newly renovated Baldwin Cabin is very popular and is providing residents a nice space for

gatherings and events. The new 9-hole disc golf course at Lookup Park has seen a lot of action this summer. The grand opening ceremony which was held on May 29th was a success. Many disc golfers came out to support the event and play the course for the first time. The honorary guest for the ceremony was Mr. Charlie Lookup who threw the first disc! A very special thank you to Ryan Hand, Tim Bayer, and the Greater Rochester Disc Golf Club for volunteering their time designing and assisting with the implementation of the disc golf course. I

would also like to thank Tami, Jerry, and the staff from Fireside Grill and Sports Bar for sponsoring the grand opening event and providing a delicious homemade lunch to all those in attendance.

continued on page 10

Parks and Recreation continued

At Tinker Nature Park, a Community Garden program was created and is thriving! A total of 24 raised beds were constructed by our Parks staff and a fence was installed around the gardens. A water line was put in that runs under Calkins Road from the Tinker Homestead to the gardens. Composting bins were built and donated to the program as part of an Eagle Scout project by Eddie Miller from Troop 171. Thank you Eddie for your excellent

work and generosity! I would also like to thank Paul and Valerie Stanley for bringing the Community Garden program idea to the Town and for serving as volunteer coordinators of the program.

For information about the Community Garden program, visit the website created by Valerie at www.valnpaulny.wix.com/our-community-garden. Our hope is to “grow” this program and add 24 more plots next year! Registration for the program will begin during our Winter/Spring registration season.

There are many fun and exciting programs and special events planned for this fall. For updates on parks and recreation happenings, please like our Town's Facebook page “Town of Henrietta”. From all of the staff here at Henrietta Parks and Recreation Department, we hope you have a fantastic fall season!

Jason R. Kulik
Director of Parks and Recreation

Library News for Families

One of the best things about working in a library is we're always discovering things we didn't know or had forgotten—odd facts, intriguing books, niche films, interesting web sites, useful apps. We love learning new things and know you do, too, and we've been finding new ways to share our discoveries. One of our favorite ways is via our weekly e-mail newsletter. The e-news currently goes out once a week and includes staff picks, contests, and information on upcoming classes and programs for all ages. If you aren't already a subscriber, visit our recently redesigned web site at hpl.org to sign up.

Another new way we're sharing information and having conversations is through our Instagram account (@henriettapubliclibrary), where we give people glimpses into the work we do and how we do it. People tend to think of libraries as quiet places, but we see hundreds of people here every day, so there's always a lot going on. Patrons have been sharing pictures with us on Instagram, too—snapshots of their kids enjoying programs, books they're excited about, and other things they notice when they visit. It's a great opportunity to see the library through other people's eyes.

While we're glad to have you follow us virtually, we want to see you in person, too. This fall, we'll continue our busy slate of children's programming—storytimes, Preschool SCIENCE-times, Toddler Dance Parties, Tween Tech Labs, and our Kids' Book Club. The teen department is introducing an every-other-week Minecraft program in addition to their regular knitting, writing, and volunteering programs. The adult department is offering its usual wide variety, including programs on Medicare, bellydancing, and floral arranging. You can find out more about these programs by calling us (585-359-7092), picking up a program brochure in the library, or visiting hpl.org.

Adrienne Furness, Director
444-2301
afurness@libraryweb.org

Building and Fire Prevention

It's that time of year again when the leaves fall and we need to prepare for winter. A couple of reminders for all residents:

- It's important to keep your house numbers clear and readable, so please trim bushes and branches away from your house.
- Inspect your wood burning stoves, fireplace chimneys and flues to prevent carbon monoxide poisoning.

Fire Prevention week is October 9th through the 16th. Check your smoke and carbon monoxide detectors and alarms and remember to change your batteries!

Change the clocks, change the batteries!

Remember; no open burning of yard waste allowed in Monroe County per the Health department Clean Air regulations. Please have a safe fall and get ready for Old Man Winter!

Terry Ekwel
Director of Bldg & Fire Prevention
359-7065 • tekwel@henrietta.org

From the Assessment Office.....

One of the functions of the assessment office is to review real estate sales and monitor trends in property values. As a result of this effort, we have a unique perspective on market activity in the various neighborhoods throughout town. All indications are that the strong real estate market of the last few months is continuing on through the summer and autumn seasons!

If you are a new homeowner, and have not done so, you should make your one-time application for the Basic STAR exemption anytime between now and March 1, 2016. If you are turning age 65 during the year 2016, you might qualify for even greater tax savings with the Enhanced STAR, or the Limited-Income Senior's Exemption.

If you are a senior citizen and currently receiving the Enhanced STAR exemption, you should know that the annual cost-of-living adjustment has increased next year's income ceiling to a new, higher level of \$84,550. Remember, the 2014 income tax year will be used to determine eligibility for 2016.

As always, if you have any questions, feel free to call the Assessor's office at 359-7032.

Nathan T. Gabbert
Town Assessor
359-7032 • assessor@henrietta.org

IT Department

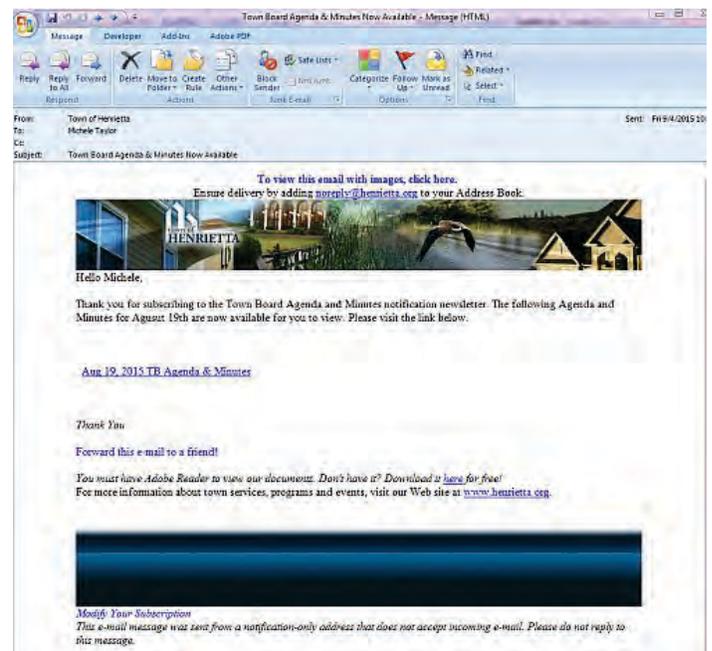

Did you know...

- Henrietta Town Meeting information is available on our website (www.henrietta.org). The departments post agendas, resolutions and minutes to the Document Center (Under “Quick Links”).
- The Town Clerk's office posts all meeting documentation for the Town Board, Planning Board, Zoning Board and Conservation Board Meetings.
- The Recreation Department posts documentation for the Parks and Recreation Advisory Board and Youth Board.
- There are many other groups that make their Agendas and Minutes available to the public in the Document Center.

Would you like to be notified by email when new information has been posted to the website? We have a Newsletter Signup service available for your convenience. To sign up for this service, go to “Quick Links” on our home page and choose “Newsletter Signup”. You will be taken to a page to add your name and email address. Below that section is a listing of all subscriptions that may be of interest to you.

For example, if you subscribe to the Town Board Agenda & Minutes subscription service, you will receive a one page email notification containing a link to the latest documents posted by the Town Clerk's office. See below.

The Town of Henrietta does not share your email with any other organizations. You can maintain your subscriptions online. We hope you enjoy this notification service. You will be “In the Know” when it comes to the latest information and announcements posted to our website.

Michele Taylor
IT Coordinator
444-2209 IT@henrietta.org

Department of Public Works

Brush and Leaf Pick Up: The Town of Henrietta again will offer four weekends this fall to allow residents to bring leaves and brush to the Martin Road Park South for recycling. Dates are as follows; October 24th, October 25th, October 31st, November 1st, November 7th, November 8th, November 14th and November 15th, materials will be accepted from 10:00AM till 3:00PM each day. If you bag your debris do not use plastic bags, paper bags are all that will be accepted.

TOWN OF HENRIETTA WINTER HIGHWAY POLICIES

The Henrietta Highway Department is responsible for snow and ice control on Town, County and State roads within the Town of Henrietta, with the exception of the NYS Thruway and I-390. Our Department of Public Works is staffed 24 hours a day during the winter season and may be reached at 359-7005. Our Highway Department follows the "Sensible Salting Guidelines" established by the County of Monroe, in conjunction with the Environmental Management Council. This requires us to use only enough salt to make our highways safe for motorists and requires motorists to reduce their driving speed according to road conditions.

Winter Parking: In order to facilitate snow removal operations and eliminate potential hazards, the parking of vehicles on all highways within the Town, including the shoulders of the roads, is prohibited between the hours of 2:00 AM and 9:00 AM from November 1st to April 15th. Vehicles in violation of this ordinance are subject to a parking ticket (minimum \$50.00). Repeat violators or vehicles that prevent plowing of a street may be towed and the vehicle's owner will be responsible for all towing and storage charges incurred by the Town.

Mailbox Policy: The Town of Henrietta is one of a small number of towns that still repair or replace mailboxes damaged during snowplowing operations. Since there is no statutory or legal authority which grants an owner or resident the right to place a mailbox along a public road in the right-of-way, our repairs and replacements are done as a courtesy and must be limited to standard size steel rural mailboxes and steel pipe posts. Custom posts and mailboxes cannot be replaced with anything other than the standard replacements. If you have an expensive and/or decorative mailbox or post, you may want to consider the option of storing it for the winter and replacing it with an inexpensive substitute. This decorative category also includes the one-piece plastic

post and mailbox combinations, which are extremely susceptible to winter damage.

Driveway Clearing: When clearing your driveway of snow, please remember that New York State Law requires that the snow remains on your own property. Any snow pushed, blown, or plowed onto any street is a safety hazard and may result in tickets being issued under New York State Vehicle and Traffic Law. If your driveway is plowed by a private contractor, both the homeowner and the plow operator share the legal responsibility for compliance with these regulations.

Thank you for assisting the Town in trying to ensure motorist safety during the winter months.

Chuck Marshall
Commissioner of Public Works
359-7008 cmarshall@henrietta.org

Tinker Nature Park

We celebrated the 20th Anniversary of the Hansen Nature Center on September 19th 10am, prior to the annual Harvest Festival. The nature center has become an important part of the community, providing many different types of public programming. The center hosts environmental education programs for the RH School District, provides merit badge programs for both Boy Scouts and Girl Scouts, adult education programming at our Saturday Morning Garden Seminars and also hosts many annual public events throughout the year. The nature center has recently started up a Venture Crew Program for youth between the ages of 14 through 20. (For information on Venture Crew contact tinkerventurecrew@gmail.com). The nature center is thankful to the many volunteers that help make these programs happen and who also keep the grounds looking good. These volunteers include Friends of Tinker Nature Park, The Garden Tinkerers, and Guest Speakers at our Garden Programs. Additional volunteers include Eagle Scouts, Cub Scout Pack 332, RH Life Skills, Rochester Area Beekeepers, Henrietta Youth Asset Team and RH Students from both the Middle and High Schools. All these volunteers, past and present, have contributed to the success of the Hansen Nature Center and Tinker Nature Park.

Upcoming program Schedule:

Oct. 17th: Halloween Event: Woodland Wander: 6:30pm-8:30pm. Children meet friendly woodland animals on a guided walk in the woods. Visit the haunted barn, trick or treat street and the Tinker Homestead displaying a Victorian funeral setting. Enjoy music and refreshments at the Tinker Horse Barn. *Registration required – call 359-7042 to register.*

Dec. 5th & 6th: Holiday Event: noon - 3pm. At the Nature Center, make an ornament with Santa; enjoy cookies and cocoa. Tour the Tinker Homestead decorated for a Victorian Era Christmas while enjoying the traditional holiday music of Jessica and Warren.

Sponsored by the Friends of Tinker Nature Park and the Town of Henrietta
Nature Center is open Tuesday – Saturday from 9am – 4pm.

Closed Sunday, Monday and Holidays.

Pets are NOT allowed in Tinker Nature Park

Tinker Homestead is shown by appointment:

Tuesday – Saturday, 10am – 2pm.

Park is open 7am – Sundown seven days a week.
